Hello,
My name is Mike Osburn. I live at 214 E Drury Ave. Apt B

I moved here in September. I had hoped the harassment I was receiving in Broward would stop, however, it's worse than ever.

I have been threatened to have steganographic material involving child pornography on my web site and or computer. I have wiped my computer at least 10 times since moving here.

I came here to live a quiet and peaceful life. I do not want any trouble. I'm a model citizen and I voted in November.

my web site is www.threemuchinc.com

I am now using flattened tiffs in hopes of avoiding any images that could cause someone to accuse me.

I have interacted several times with the city police here. Each time I found them to be kind and professional.

Lastly, sometime after the holidays, I would like to form a fundraiser for the Wounded Warriors Project on the Food Truck first Friday of the month. I hope to have your support.

Thank you,

Mike Osburn

My purpose was to inform you that someone is constantly hacking into my spectrum router and getting onto my laptop.

An unidentifiable person has threatened to put child pornography on my computer. I wipe it regularly.

Is it possible to drop off my computer for a forensic analysis?

I cannot afford to be stressed out by such threats. I have PTSD.

Let me know if I can have it analysed.

Thank you for your response.

Respectfully,

Michael Osburn

You will have to call us on Monday at 407 846 3333 and ask to speak to a detective. I do not believe we do computer analysis.
